

## PREAMBLE TO TABERNACLE STUDY.

The key verses to these studies seem to be found in Ex 25:8-9. Let THEM make ME a tabernacle & sanctuary that I may DWELL among them. According to all that I show thee, after the pattern of the tabernacle... even so shall ye make it.

Ex 29:43-46. "There will I meet... they shall know that I am their God, that brought them forth out of the land of Egypt that I may dwell among them."

How interesting to note that in Hebrews that wonderful book of "Better Things" to Christians, so little if anything is made of the Temple - which was still standing. All the rich & varied instruction of Heb. is drawn from the Tabernacle. The reason being - The history of the Tabernacle belonged to the time when the people of God dwell in tents. This is typical of the Church in the present day. They are referred to as "strangers & pilgrims on the earth." - "journing to a city." As Egypt is a type of the world with Pharaoh the devil tempter Israel like us were called forth.... to serve God. The call of God thro Moses to Pharaoh was always "Let my people go that they may serve Me." Pharaoh always said, "NO". Then Exodus 8:28 "Only ye shall not go very far away." Then Exodus 9:10:24 "Let your flocks & your herds be stayed 10:26 There shall not a hoof be left behind."
